

Policies and Procedures

Title: **Champions Board Policy**
Adopted at Meeting: **176**
Date: **24 November 2005**

Version: **1**

1. Aims of the Champions Board Policy

Through the adoption of this policy, Blairgowrie Yacht Squadron ("BYS") aims to:

- recognise the highest achievements of its Members at state, national and international regattas; and
- ensure the Champions Board remains up-to-date from 1964 onwards.

2. Strategies

BYS will achieve these aims through:

- identifying Members eligible to be named on the Champions Board that are:
 - the overall open winner at any state, national and international regatta;
 - the overall winner at any national and international youth regatta; or
 - the overall winner at regattas where there is no open class (eg Minnows, Sabots etc);
- where a Member is identified as the winner of a regatta in a class of yacht sailed by more than one competitor, only those competitors that are Members of BYS will be named on the Champions Board; and
- inviting Members to submit evidence in writing of achievement at the appropriate level, including the Member's name, name of yacht and details of the regatta such as class and venue to BYS.

The winner must be a Member of BYS at the time of the regatta.

3. Implementation

These strategies will be implemented at BYS on an annual basis and celebrated each year at the Trophy Presentation event.
